Application may be made to him at his Office, or if requested by letter, he will send to claimants Declarations, with suitable directions, which may be executed without the parties leaving their homes.

A MARVELLOUS REMEDY

For a Marvellous Age!!

HOLLOWAY'S OINTMENT!!

The Grand External Remedy.

By the aid of a microscope we see millions of little openings on the surface of our bodies—Through these this Ointment, when rubbed on the skin, is carried to any organ or inward part. Diseases of the Kidneys, Disorders of the Liver, affections of the Heart, inflammation of the Lungs, Asthmas, Coughs and Colds, are by its means effectually cured. Every housewife knows that salt passes through bone or meat of any thickness.—This healing Ointment far more readily penetrates through any bone or fleshy part of the living body, curing the most dangerous inward complaints, that cannot be reached by other means.

Erysipelas, Salt Rheum, and Scorbutic Humors,

No remedy has ever done so much for the cure of diseases of the Skin, whatever form they may assume, as this Ointment. No case of Salt Rheum, Scurvy, Sore Head, Scrofula, or Erysipelas, can long withstand its influence. The inventor has travelled over many parts of the globe, visiting the principal hospitals, dispensing this Ointment, giving advice as to its application, and has thus been the means of restoring countless numbers to health.

Sore Legs, Sore Breasts, Wounds and Ulcers.

Some of the most scientific surgeons now rely solely on the use of this wonderful Ointment, when having to cope with the worst cases of sores, wounds, ulcers, glandular swellings, and tumors. Professor Holloway has, by command of the United Governments, despatched to the hospitals of the East, large shipments of this Ointment, to be used under the direction of the Medical Staff, in the worst cases of wounds. It will cure any ulcer, glandular swelling, sinfnese or contraction of the joints, even of 20 years' standing.

Piles and Fistulas.

These and other similar distressing complaints can be effectually cured if the Ointment be well rubbed in over the parts affected, and by otherwise following the printed directions around each pot.

Both the Ointment and Pills should be used in the following cases:

Bunions,	Piles	Sprains
Burns,	Rheumatism	Scalds
Chapped Hands	Salt Rheum	Swelled Glands
Chilblains	Skin Diseases	Stiff Joints
Fistulas	Sore Legs	Ulcers
Gout	Sore Breasts	Venereal Sores
Lumbago	Sore Heads	Wounds of all
Mercurial Eruptions	Sore Throats	kinds.
	Sores of all kinds	

*** Sold at the Manufactories of Professor HOLLOWAY, 80 Maiden, Lane, New York, and 244 Strand, London, and by all respectable Druggists and Dealers of Medicines throughout the United States, and the civilized world, in Pots, at 25 cts, 62½ cents, and $1 each.

☞ There is a considerable saving by taking the larger sizes.

HAS ARRIVED!

The Voluntary Testimony of Living Witnesses, is that

Hayes' Allied Ointment,

and Humor Syrup,

IS the BEST MEDICINE ever offered to the public for the Cure of all Humors.

It has stood the test of more than seven years; and in offering it to the public we are not ignorant of the opposition. We know it is to the greatest ALLEVIATOR of PAIN and SUFFERING to those afflicted with any kind of humor, and reach one of the greatest blessings to mankind ever before the public, as we can show by the evidence of living witnesses.

Read the following—it speaks for itself.

Lawrence, June 19, 1854.

We, the undersigned, citizens of Lawrence, having used the Vegetable Allied Ointment prepared by Dr. D. D. Hayes, of this city, and being personally acquainted with the Doctor, feel pleasure in adding our testimony to all the Doctor claims for his medicine. Unlike other remedies on the market, this preparation performs the cure speedily and with certainty. The Ointment we have used with the most happy result, after vainly looking relief by the free use of Sarsaparillas, Balms, ect., ect.

Our experience fully justifies us in confidently recommending it as the article, and the only one known to us as performing the cures claimed.

A. S. BUNKER, A. WYMAN,

S. THOMPSON, ISAAC SANDERS.

IT CURES

The Salt Rheum, Scrofula, Erysipelas, White Leprosy, Cancerous Humors, Ring Worm, Scald Head, Rash and Scales, Chilblains, Piles, (a preparation expressly,) Barbers' Itch, Fever Sores, and all old Mercurial Sores however long standing. It removes all those unsightly Pimples, Eruptions and Spots or Moldes from the face, leaving the skin perfectly soft and smooth, adding great to human beauty if complexion. Never to be without it if it has the least scurf or scar. It will draw humors from the stomach, Lungs, Throat, and from the blood and Eyes, by an outward application. It improves the aged wonderfully, where the eyes are troubled with humors, by removing the difficulty, and restoring the sight.

Republicans of Maine!

A GRAND RALLY

Of the people opposed to the Nefarious Administration, and to the extension of Slavery over the territories of the United States.

THE FRIENDS OF THE STATE who desire to help rescue the Republic from its peril and downward tendencies, are requested to meet in MASS CONVENTION,

AT DEERING HALL, in PORTLAND,

On TUESDAY, August 28th,

to take counsel, and determine on, such a course of action as the Law of Freedom and sound patriotism demand. The Slave Power in the Nation has re-attempt seized itself by the forcefulness and remissness of the North and West, and the treachery of some of their representatives, that it is no longer a question whether Africans and their descendants shall be enslaved, but whether the people of the Free States shall be the willing servants of the plantocracy of slavery. It is not a mere mistake between the North and the South, but the question presents for us, whether Democracy or Aristocracy shall rule the nation. To-day the government of this mighty Republic is in the hands of a class, and not of the people. The years there' much who are now passing, are to determine whether the Free States are to be subdued provinces, with a mere out side or secondary influence in the councils of the Nation, or sovereign States in the Union. If the latter shall be decided, or the iron rule of Slavery, to be registered as perpetual? Let the freemen of Maine save us, as the crisis demands. The Government must be restored to the principles and policy of the founders, or the Union cannot permanently endure. The numerous friends of the Union must be heard from the blue ridge of slavery that threatens to sweep over them. Kansas, betrayed, outraged, overrun by armed ruffians, speaks to us with a tongue of flame. The people of Maine will prove false to her instincts of Justice and Freedom and to her former renown.

Let this assemblage of August 28th, in numbers and determination, be such as the crisis demands. Eminent speakers from our own, and from abroad, will address the Convention. The following gentlemen are engaged, and confidently expected to be present on the occasion;

THE REPUBLICAN STATE COMMITTEE

Will meet at the UNITED STATES HOTEL, Portland, MONDAY EVENING, August 13 th, at seven o'clock. A full attendance is desirable. It is also requested that as many of the County Committees as can, from the Fifth, as possible.

Orono Affairs.

The Journal comes editorially to the help of its correspondent who has been trying with his frail broom to sweep on the ocean wave of popular feeling in Orono in behalf of the Republican cause. It does this with a whitewashing of the correspondent and in such a peculiar manner as to make it look like his own work; and also with a dodge and an insinuation. The endorsement must have been rather a hard go even for the Journal, and we have no disposition to discuss the point. But the dodge is characteristic, and the insinuation partakes strongly of the Journal's rascality and meanness. Several days since, the Journal made an inquiry in which it imputed to Senator Blake that a certain person held the votes of Orono in the palm of his hand; and in the article yesterday an assumption a again made that Senator Blake made the remark, and an insinuation is made as to the person referred to. Now we have the best possible authority for saying that Senator Blake never made any such remark. The whole matter is a vile falsehood without the slightest foundation. It was probably made up at the Journal office for the purpose of exciting a prejudice in the minds of persons at Orono. The lie has received its quietus in that place, and no man will venture to repeat it in that town, unless he would meet with the scorn of community. This making a lie carry double, is a new feature in the political canvass in Maine for which the Journal is responsible.

The Kennebec Journal, upon a review of the political battle field, all over the State, gives a most cheering account of the prospect, and well says that thousands and thousands who voted last year for Parris and Reed have resolved to vote for Governor Morrill, and to place themselves squarely on the Republican platform.

Those who are sincerely opposed to the Nebraska fraud and the Kansas outrages, see that there is no way to render their action effective against that *fraud* and those *outrages* but by an entire union in one political organization and on one set of candidates. They see that division is weakness and defeat, and that those who strive to divide the anti Nebraska forces are traitors to the cause of freedom, and are playing into the hands of the enemy. The despotism which is overshadowing the land, can be successfully resisted only by the union of all honest men. The common danger is stirring the public heart, and forgetting petty animosities and their minor issues, the substantial yeomanry of the State are moving in a solid phalanx.

A girl named Margaret Tracy has been arrested at Lowell on a charge of setting fire to a house occupied by her mother and sister. She was held for trial.

William J. Patterson is now in Maine. He was one of the editors and publishers of the Parkville Luminary, who were driven from Missouri by an armed mob, and their press destroyed because they dared to declare that Abolition, Shinglefellow and their associates had no right to dictate laws and institutions by force to the people of Kansas. Mr. Patterson will speak at Portland to-morrow, and at several other places in Maine, in the coming weeks.

Samuel Wells was upon the stump at Gray's Corner a few days since, and had with him, as a companion and associate speaker, Moses McDonald who voted for the Nebraska bill. The one voted for the infamous bill and the other approves it. Both speak in the political issues of the times. Who is brazen enough, now, to say that the Nebraska question is not in issue? Verily, it is the issue.

The Republican party of Kennebec will hold a grand mass meeting at Augusta on the 22d inst. Several eminent speakers are engaged and the meeting will be one of the highest interest.

Let it be borne in mind that the Republicans of Penobscot county will hold their nominating convention at Bangor, on the 23d inst. The county committee will undoubtedly succeed in securing the services of eminent speakers from abroad. Now is the time to give a full and effective expression against the iniquity of the Nebraska outrage, and the aggressions of the slave power.

The "twenty boy-power" Button engine arrived Saturday, and a trial of her power was had in the evening. She was fully manned by boys, and threw a stream of water to the distance of 160 feet. This neat little machine a present from Mr. Button's son to the son of our fellow citizen, Jeremiah Fenno. The manufacturer, Mr. Button, and his son are on a visit to our city, and brought the machine with them.

We learn that Egbert C. Smyth, Professor of Rhetoric, has been elected for one year to supply the place vacated by Prof. Hitchcock—Hon. Josiah Pearce, of Gorham, was elected to fill the vacancy in the Board of Trustees, and Messrs. Ephraim C. Cummings and Francis E. Webb, tutors, have resigned.

The Strait Whigs of Kennebec have applied to the Age to publish their official proceedings. This is all right, since the sympathies of the Hunker Whigs and Hunker Democrats are alike, and the only probable object in running two candidates for governor is to lessen the majority for the Republican candidate, Gov. Morrill.

After an exemption of five alarms for 24 days, in Boston, a fire occurred on Thursday last. Damage small.

What They're Going to Do.—A correspondent of the Columbus (Ga.) Enquirer writes to that paper from Kansas a letter giving a description of the climate, soil, &c., and among other things says,

The abolitionists who have settled there may, for a time, give some trouble; but, possibly, it may be necessary to hang a few of them in order to impress on the others a proper regard for their neighbors' rights. But one short year will matter well be settled. The present Legislature, almost unanimously pro-slavery. I believe there is but a single abolitionist among them.—Very stringent laws will be passed by them to prevent the harboring or running off of negroes, and to suppress *effectually the publication of abolition opinions*. But I do not wish here to enter into the discussion of Kansas in a political aspect, though to the South it is a most momentous one.

Liquor Seizures at Lubec.—Our police had their suspicions awakened that large quantities of liquor were being brought here in vessels from Portsmouth, N. H., and have consequently kept a look out for them. A day or two since a small schooner called the Ocean Ranger arrived here and anchored off the lower end of Peaks Island. Her appearance was rather suspicious, and from the movements of the schooner, and the conduct of those in charge, it was supposed she had contraband stuff on board.

Yesterday Deputy Marshal Ring with a warrant, took the steamer Tiger and visited the schooner; having exhibited his warrant, the Captain swore that the liquors should not be taken out by any one man, but the bracelets being put on his wrists he became more calm, and the tug towed the schooner up to one of our wharves, where she was thoroughly searched and 21 kegs containing about 400 gallons of liquor seized and sent to the lock-up.

It is supposed, this liquor was shipped at Portsmouth, N. H. The kegs seemed to be of the same kind as those seized last week from a vessel at one of our wharves, and which came from Portsmouth. We believe the Liquor Law goes into effect in New Hampshire soon, and as those owning liquor there seem determined to get rid of it, we don't know of any better way than to send it here and have it seized by our Police.—*Portland Advertiser.*

The Emigrant Case.—*New York*, August 9.—The fines incurred by the ship Webarna of Worcester, for a violation of the passenger law amount to $219,000, being $600 each for 298 passengers. The vessel has also been attached, in consequence of the refusal of the captain to give special bonds demanded the eighteen bondable cases.

Later.—The Captain of the ship Webarna, under seizure for violation of the passenger act, explains his conduct, by saying that a steamboat came alongside a bonship, and a person on board presented a letter bearing the signature of A. Kennedy, one of the Commissioners of Emigration, directing the landing of the passengers at Castle Garden,—that he entered into no agreement by which the steamboat was to receive his passengers and land them at Castle Garden and nowhere else; that he was not aware that they had been illegally disposed of until proceedings had been commenced.—These statements, if proved, will probably relieve him of all personal responsibility in the matter but will not release the vessel from the fines that have been incurred. They also lend to the supposition that the captain was imposed upon by a party of runners.

Old Sorrowful Anderson!—The call for a Republican Convention in the county of Somerset, published in the Skowhegan Clarion, is endorsed with the names of more than TWELVE HUNDRED staunch Republicans, embracing a large proportion of the most prominent and reliable men in the county, of both the old parties. This looks like getting down the cobwebs in earnest, and we feel assured that in no part of our State is the Republican creed more rapidly on more surely gaining ground, than in old Somerset. We shall hear a good account from there on the 11th of September.—*Kennebec Journal.*

Republican Meeting at Orono.

Agreeably to the call signed by one hundred and seventy-four voters of Orono, a large meeting assembled at Dean's Hall, on Thursday evening, August 9th.

Hon. Joshua R. Giddings was introduced to the meeting. The report of the committee on resolutions was called for, which was read and accepted. The resolutions were then taken up separately, and discussed by Messrs. Rogers, Low, Gould, Knights, and others, and after being slightly amended, were unanimously passed as follows:

1. Resolved, That every philanthropic and patriot is now called upon to ignore former party distinctions, and to defend with his might *the inalienable rights of all men*, as set forth in the declaration of our national independence.

2. Resolved, Therefore, that we will support for legislative office, no man who does not avow openly his opposition to the *Nebraska iniquity*, and its kindred evils.

3. Resolved, That the liquor traffic is a prolific cause of misery, pauperism and crimes, and that suffering humanity demands our aid in suppressing this evil.

4. Resolved, That the prohibitory law, as it now stands on our statute books, is an efficient remedy for this evil, and that we pledge ourselves to its support.

5. Resolved, That we find in the administration of Gov Morrill a firm friend of the cause of liberty and humanity, and we therefore pledge ourselves to use appropriate means for his re-election.

6. Resolved, That we have the fullest confidence in the ability and integrity of our nominees of to-day; and that we will use all honorable means to secure their election.

The convention then listened to a very able and interesting address from its president, when the following resolution was offered by a member of the convention, and passed by a unanimous vote:

Resolved, That the conduct of Mayor Dow, of Portland, in the recent riot in that city, meets with our cordial approval; and that the charge of *murder attempted to be fastened upon him, by the enemies of temperance, law and order, clings with a tenacious grasp to those who instigated the mob*, instead of to that supporter of the majesty of law.

Voted, That the proceedings of this convention be published in all papers in this State favorable to our cause.

Adjourned without day.

Academy Grants,—"Land Plundering."

Ever since the adjournment of the last Legislature, the Iowa and Nebraska papers have kept up such a howl, (it can be called nothing else,) about "land plundering" and "appropriations to Sectarian Institutions," that we really fear many honest people have been cheated into a belief in some of their charges, and they begin to indulge apprehensions that another Republican Legislature will strip the State of every acre of land it possesses. In reply to all such misrepresentations of an unscrupulous press, it ought to be and is sufficient to say, THAT THE LAST LEGISLATURE DID NOT APPROPRIATE A SINGLE ACRE OF PUBLIC LAND FOR ANY PURPOSE WHATEVER.

It is true, bills were introduced, both in the Senate and House, which, *if passed*, would have given to certain deserving literary institutions a specified amount of land. But *the bills were not passed*. The Legislature, after a full discussion of the whole subject, and a careful investigation into the condition of the State Treasury, determined that it was not a proper time to make the grant asked for, and consequently they refused to sanction the bills. Now it will be remembered that the Republicans had a very large majority in the Legislature, and that they were perfectly able, as a party, to carry any measure they chose to favor. As they did not choose to vote away a single acre of the State's domain, how baseless and false is the charge of "land plundering," which the opposition press continue to bellow forth.

But if all the bills which were introduced had been passed, there who did be no complaint made by those who are now so loud in their reproaches. If the Republican Legislature of 1855, had seen fit to give a portion of the State's land to worthy and deserving Academies, they would have done no more than was contemplated by the Constitution of Maine, and no more than has been done by the Democracy, at various times, while that party had the undisputed control of the State. Not to go any further back than to the years '48, '49, '50, and '52, years in which the Democratic party had an unquestioned majority in both branches, we find by reference to the legislative proceedings of those years, that the following grants were made to Academies:

In 1848,

To E. Corinth Acad.,	township land,	approved	July 14
To Lincoln High School,	1 township land,	"	"

In 1844,

To Litchfield Acad.,	township land,	approved	Aug 8
To Monson "	township "	"	Aug 7
To Somerset "	[illegible] "	"	Aug 11
To Standish "	township "	"	Aug 8.
To Union "	township "	"	Aug 7

In 1850,

To Perry Acad.,	township land,	approved	Aug 17.
To Farmington "	township "	"	"
To Anson "	township "	"	"
To Cherryfield "	township "	"	"
To Calais "	township "	"	Aug 28.
To St Albans "	township "	"	"
To Berry ville "	$400 in money,	"	Aug 24
To Guilford "	1 township "	"	Aug 23
To Hampden "	township "	"	Aug 28

In 1851, No grants were made; it was the short three week session in which no general business was transacted.

In 1852, Lebanon Academy received $1000 in money.

The next year, 1853, the "old line democracy" lost the control of the Legislature, the Whigs and Temperance Democrats obtaining and holding the balance of power. Now, mark the result. *Since that time not a single acre of public land has been voted away*; while during the last four years of the ascendancy of the old line democrats, FIFTEEN HALF TOWNSHIPS of land, and *fourteen hundred dollars* in money, were freely given to Academies, which they now denounce as "Sectarian," and unworthy of any public bounty or patronage. This is the desperate strait to which our opponents are driven. Falsehood, misrepresentation and calumny are their only weapons, and they use them unsparingly and without even the modicum of discretion, which ordinarily characterizes rogues. They push ahead with their charges without taking the precaution to look back, and they find in the end, that if there be any truth in their allegations, they have only criminated themselves.—*Kennebec Journal.*

Letter from Hon. Kenneth Rayner. The following letter gives the authority upon which the statement was recently made by the Washington organ, that the determination of President Pierce to make Mr. Campbell Post master General was known to the Pope's Nuncio at Madrid at a very early day:

Raleigh, N. C., Thursday, July 19, 1855

My Dear Sir: I have received yours of the 10th inst. in which you refer to the denial by the Union newspaper of the truth of the statement (first spoken of by me in my speech at Washington, and afterwards by you in your oration of the Fourth) of Hon. Daniel M. Barringer, our late minister to Spain.

Mr. Barringer first mentioned this matter to me last Winter, in Raleigh, and I have since taken occasion to allude to it several times in delivering popular addresses. About four weeks since on my return from Philadelphia, I met Mr. Barringer in Baltimore, and in the course of conversation with him, I mentioned the fact that I had taken occasion to speak publicly of what he had said to me about the Pope's Nuncio at Madrid, having stated to me before he (Mr. B.) had heard, and before the news of the same had reached Madrid, of the formation of Mr. Pierces cabinet, to wit:

Mr. Campbell of Pennsylvania, a member of the Roman Catholic Church.

This was as I had received the statement from Mr. Barringer in the first instance, and it was that that I had spoken of it. I asked Mr. Barringer if I had represented him correctly, for that I should probably speak of it again, and I wished to be sure, that I might give the statement correctly. Mr. B. replied that I had stated the matter correctly, and then went on to relate the occasion and incidents of the remark to him by the Pope's Nuncio.

A few days since, I received a letter from Mr. Barringer, dated "Niagara Falls, *July 6, 1855*," in which after alluding to the fact that he had lately seen published a synopsis of my speech in Washington, in which I was reported as having mentioned the matter in terms somewhat variant from those in which he stated it to me, and then he (Mr. Barringer) goes on to reiterate what he had twice before stated to me.

I will quote to you, *verbatim*, the language used by him, in an extract from this letter, just received, (to wit:

"Before I had any authentic and certain news of the formation of the Cabinet, and still while it was a subject of conjecture at the Court of Madrid, he (the Pope's Nuncio) told me that Judge Campbell, of Pennsylvania, was appointed, and that he was a Catholic, which was the first intimation, I had, either of his appointment or his religion."

This is the state next, as I had given it, when alluding to it in public; although it might have been slightly varied in newspaper reports, and this, I think, establishes a charge, long since made, and believed by thousands, that there *was an understanding*, to call it no worse name, that the Roman Catholic vote should be given to Mr. Pierce and that he in his turn, should give to that Church a seat in his Cabinet, as well as many other high positions.

You are at liberty to make any use you please of this letter, in vindication of yourself against the charge of falsehood in the Union newspaper, inasmuch as you based your statements on my authority.

Yours, very truly, | K. Rayner.

A congress of all the members of the Bourbon family, including Maria Christina of Spain, is to take place shortly somewhere in Germany. To that project is ascribed the new rival of the Duke and Duchess of Montpensier at Salzburg.

The Webster Slave Case.—The grand jury of the court of quarter sessions on Wednesday found true bills against Passmore Williamson and the five colored men who were arrested for participating in the affray with Col. John H. Wheeler, at Philadelphia. The bills are for riot and assault and battery.

The driver of the carriage which took off Mr. Wheeler's slaves, has made his mark to an affidavit which states that the slaves were carried off entirely by force and against their will. The friends of Mr. Williamson have had a preliminary meeting for the purpose of testing the question of his being kept in imprisonment for contempt.

A meeting of conference has been held in Philadelphia, composed of some of the most substantial citizens, to consider the propriety of some public expression of disapprobation of the imprisonment of Passmore Williamson.—A committe was appointed to take the matter into consideration, and report at a future meeting.

Mr. Hornberger forbade Mrs. Colher to draw water from his well at Jonesboro', Illinois, and ordered her off, but she returned with a knife and stabbed him several times. He then seized the knife and killed her. His own wounds are mortal.

The Fort at the junction of the Madawaska and St. John Rivers, New Brunswick, was struck by lightning on the 16th ult., and burnt to the ground.

Holloway's Ointment and Pills the best remedies for the cure of female Complaints. The extraordinary effect these Pills have upon all complaints peculiarly incidental to females would appear incredible to the city reader if the facts, if were not continued daily by the wonderful cures they effect in the various States. It is an unquestionable fact, that there is not any remedy to equal them for extermination of suffering from the softer sex, particularly by young females entering into womanhood—therefore all are respectfully given them a trial, which will ensure their recommendation.

First Premium PIANO FORTES!

WE have received the agency, for Bangor and vicinity, for the sale of

Brown & Allen's Piano Fortes,

which are acknowledged by competent judges to be, in the essential requisites of a Piano, the *best* now made in this country.

Mr Brown was of the old firm of Brown & Hallet, (whose Pianos have been long in the market, and are much admired for their durability and purity of tone) subsequently ten years foreman in the justly celebrated manufactory of the late Jonas Chickering, Esq., where he perfected and applied his PATENT GRAND ACTION

Piano Fortes of their manufacture are distinguished for EVENNESS, pure musical quality of tone, and superior *elastic* action. See extract from Report of Committee on Musical Instruments at the Rhode Island society for the encouragement of Domestic Industry, holden September 12th to 16th, 1854

"After a careful examination of the workmanship, externally and internally, and after repeated trials and hearings, your Committee feel prepared to say that this (*Brown & Allen's*) Piano Forte is one of the very best they have ever met with in the course of some *seventeen years* observation of the progress of Piano Forte manufacture in this country. In *purity*, combined with *power* and *mellowness of tone*, in *evenness* of tone from the bottom to the top of the scale, in the great excellence of the action, in thoroughness and elegance of workmanship throughout, in all the qualities, in short, which unitedly constitute a first rate Piano Forte, this instrument, in the opinion of your Committee, has not been surpassed by any Square Piano Forte hitherto produced among us, and they consider it eminently worthy of the highest premium in this department"

☞ Read the following certificate from a well known competent judge.

—CERTIFICATE—

To whom it may concern—I have had occasion to use, and to select for many of my friends, Piano-fortes made by Messrs Brown & Allen, and I do not hesitate to say that their instruments are not second to those made by any other person or persons in the city, and in many of the more important points, such as purity of tone and neatness of touch, durability, &c, I cannot but give to them the preference I would therefore recommend to those who may wish to purchase, to call at 334 Washington street and examine for themselves. DR. J. H. SCHENCK'S PULMONIC SYRUP,

For the Cure of Consumption.

THE proprietor of this medicine was himself, many years ago, reduced so low as to be given up by his physicians and friends, in the last stage of Consumption When all hopes of ever getting well had fled, he was strongly recommended to use a Syrup made from an old Indian receipt, which succeeded in effectually curing him. The family physicians and a large number of respectable gentlemen certified to the facts of the case, and soon the Pulmonic Syrup obtained a reputation never equalled in that section of the country. Creating, as the case did, a sensation second to that only of a miracle, Dr Schenck was waited upon by many similarly afflicted, to whom he administered the Syrup with the same beneficial results. In fact, such was the notoriety of this medicine, that eminent physicians had their attention drawn toward the *new* reputation of it, from having witnessed its curative powers, and freely extended the hand of friendship and encouragement to Dr. Schenck, as he introduced the medicine to the public, and used it in their daily practice

No other medicine operates upon the system in the manner that the Pulmonic Syrup does It produces a healthy action upon the morbid parts, by purifying them from disease, it promotes the expectoration, allays the cough, opens the orifice on the lung, and when it is discharged, it heals the opening that the breaking of the tubercles or ulcers produces, and the lungs become sound and resumes the performance of their natural functions, it also soothes the irritated portion of the lungs and other organs and thus restores these parts to health. A superior property the medicine possesses over all others is, that it contains no opium, calomel or any other deleterious medicine.

In fact Dr Schenck removed from Philadelphia to New Jersey, to Philadelphia, and commences the practice of his profession, where he soon acquired a reputation excelled by none, in curing a disease that has heretofore been deemed incurable, and he has since thus daily presented to the world incontestable evidence of his success.

Both of Mr Dr's parents died with Consumption, which appears to have been in hereditary descent with his father's family. All his brothers and sisters except one, died early of this disease, none of them, but the one brother, reaching the age of twenty

Thus left nearly the last of his family, he naturally felt some alarm, as one after another, were consigned to the silent tomb by this fell destroyer.

VOLUNTARY TESTIMONY.

We, the subscribers, residents of Flemingsted, do hereby certify that we are well acquainted with Dr. J H Schenck He was attacked by disease, which, as we believe, terminated in Pulmonary Consumption, under the operation of which he was reduced so low as to be unable to leave his bed for a long time, and to all appearance was past recovery He is now perfectly well—his cough and fever have left him, and we feel justified in declaring it as our belief that these salutary effects have resulted from the use of the Pulmonic Syrup

TESTIMONY FROM MAINE

Capt Daniel Abbott, Brooklin, Maine July 5, 1853, says: "I was taken sick one year ago last April, upon my passage from Savana to Charleston, S.C At the latter place I took medicine and procured a physician, but for ten days could obtain no relief, no sleep or appetite At last taking up a newspaper having your advertisement of "Hoofland's German Bitters" in it, I set to at once immediately. That was about 10 o'clock, at 11 o'clock I took the first dose, and another at 6 o'clock. The effect was so rapid on me that I had a good appetite for supper and rested well that night, and the next day found me a well man—I have not been without your medicine since, having been sailing between Baltimore, Charleston, and the West India Islands ever since. I have now given up going to sea and reside on this place, where you should have an agency, as you could sell large quantities of it"

Jos. B. Hall & Co, Presque Isle, Aroostook Co, Maine, April 24, 1854, say, "We herewith send you a certificate of a cure performed by the use of *only one bottle* of the German Bitters We think Mr. Clark to be a man of veracity, and have no doubt of the truth of his story"

Messrs. Jos B Hall & Co.—Gentlemen—In answer to your inquiries I will state that my daughter, aged about 16 years, has been complaining of a pain in her side for six or seven years and about the first of January last was taken down and confined to her bed. The pain in her side was very severe, besides being troubled with pains between her shoulders and in her breast. From reading a number of cures performed by "Hoofland's German Bitters, I was induced to try them in her case, and sent to your store and purchased *one bottle* She had taken it but a few days when she began to improve, and now, after taking *only one* bottle, she is enjoying better health than she has for years—She feels no pain in her side or in any part of her body, and attributes her cure *entirely* to the German Bitters. WILLIAM CLARK.

Salmon Brook, Aroostook Co, Me.

You should bear in mind that these Bitters are *entirely vegetable,* thereby possessing advantages over most of the preparations recommended for familiar diseases.

KENNEDY'S MEDICAL DISCOVERY

The Greatest of the Age!

MR KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures *EVERY KIND OF HUMOR,* from the worst Scrofula down to a common pimple He has tried it in over eleven hundred cases, and never failed except in two He has now in his possession over two hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a running sore mouth

One to three bottles will cure the worst kind of pimples on the face

Two to three bottles will cure the worst case of tetter.

Two bottles are warranted to cure the worst case of ringworm

Three to five bottles are warranted to cure the worst case of erysipelas.

One to two bottles are warranted to cure all humors in the eyes.

Two bottles are warranted to cure running in the ears and blotches on the face

Four to six bottles are warranted to cure corrupt and running ulcers

One bottle will cure scaly eruptions of the skin

Two to three bottles are warranted to cure the worst case of ring worm

Two to three bottles are warranted to cure the most desperate case of rheumatism

Three to six bottles are warranted to cure salt-rheum.

Five to eight bottles will cure the very worst case of Scrofula.

A benefit is always experienced from the first bottle, and a permanent cure warranted when the above quantity is taken

Nothing is more improbable to those who have in vain tried all the wonderful medicines of the day as, that a common weed, growing upon the pastures, and along old stone walls, should cure every humor in the system yet it is now a fixed fact If you have a humor it has to start. There are no if's nor ands about it, suiting some cases but not yours. He has peddled over a thousand bottles of it in the vicinity of Boston, and knows the effects of it in every case. It has already done some of the greatest cures ever done in Massachusetts. He gave it to children a year old, to old people of sixty, and has seen puny looking children, whose flesh was soft and flabby, restored to a perfect state of health by one bottle.

To those who are subject to sick headache, one bottle will always cure it. It gives great relief in catarrh and dizziness Some who have taken it have been cured for years, and have been "regulated by it Nine in the body it sweats it works quite easy, but where there is any derangement of the functions of nature, it will cause very unusual feelings, but you must not be alarmed—they always disappear in from four days to a week.—There is never a bad result from it—on the contrary, when that ceiling is gone, you will feel yourself like a new person. I heard some of the most extravagant encomiums of it that ever man listened to

No change of diet ever necessary. Eat the best you can get and enough of it.

IMPORTANT PROCLAMATION!

A Great Mystery Explained.

In the year of our Lord 1847, in our researches of analytical chemists, we discovered that by uniting certain vegetable agents, which had never before been used in medicine, we obtained properties possessing such a marvellous quick power over PAIN, that the moment it was applied to the parts affected with pain, all uneasiness ceased The most torturing pains were relieved in an instant, and the most violent spasms and irritations were soothed, and the system restored to perfect ease in a few minutes

In 1849 we introduced this Remedy to the world under the name of

RADWAY'S READY RELIEF

It has been used by hundreds of thousands throughout the United States, giving instant ease to all troubled with Pain, or Sickness.

One application externally, or a few drops taken internally, will instantly free the sufferer from the most violent and terrible pains, and restore the weak, feeble, and prostrated frame to strength and vigor

No person has ever used RADWAY'S READY RELIEF without deriving some special benefit in less than fifteen minutes after its use

Let those who are now suffering any severe pains give it a trial, for in fifteen minutes they will enjoy ease and comfort

RADWAY'S READY RELIEF

was the first and is the only remedy ever discovered that will stop the most torturing pains in a few seconds, and free the system from Rheumatism, Neuralgia, Nervous, and Muscular Disorders in a few hours It will cure and protect the system against sudden attacks of

CHOLERA,	DYSENTERY,
INFANTILE,	CHOLERA MORBUS,
BILIOUS COLIC,	FEVER AND AGUE,
PALPITATION,	INFLUENZA

Bear in mind, it is a powerful Disinfectant, antiseptic, diffusive stimulant, nervine, anti-spasmodic, and counter irritant.

The R R REMEDIES are medical discoveries of the present century They are prepared on an entirely new and original theory, "to stop pain instantly," and protect the human system against sickness or any sudden attacks. The doses required to be taken are small. A few drops of READY RELIEF exercise a powerful influence over diseased action

IT HAS CURED

Rheumatism in four hours,
Neuralgia in one hour,
Cramp in ten minutes,
Diarrhœa in fifteen minutes,
Toothache in one second,
Sprain in five minutes,
Sick Headache in fifteen minutes,
Chills fever in fifteen minutes,
Chilblains in five minutes,
Sore Throat in four minutes,
Influenza in one hour.

SPINAL COMPLAINTS, Stiff Joints, Cuts, Bruises, Wounds, Frost Bites, Cholera Morbus, Dysentery, Tic Doloreux, and all other complaints where there are severe pains, RADWAY'S READY RELIEF will instantly stop the pain, and quickly cure the disease.

(For the remarkable efficacy of R R R Discovery, No 2, and the complaints cured by Radway's Renovating Resolvent, see in next week's paper.)

DR. J. H. SCHENCK'S SEA WEED TONIC,

—FOR THE—

Cure of Dyspepsia.

THIS remedy is composed of a compound preparation of a common weed growing along the sea shore, and is a certain remedy for the cure of Dyspepsia and its accompanying diseases, to wit

Sour and Sick Stomach, Loss of Appetite, Headache, Pain in the Side and Breast, Palpitation of the Heart Ulcers and Eruptions of all kinds, Chills and Fever Gravel, and Diseases of the Kidneys, Nervousness, Weakness of the Limbs, Fainting Spells, and all diseases peculiar to Females

Nearly every person is more or less afflicted with Dyspepsia, or some of the diseases connected with it, and it is with feelings of pleasure that Dr Schenck can announce to all such the discovery of the virtues of the Sea Weed, which is positive remedy for their ailments. Dyspepsia and the many diseases arising from it, is caused by the deficient secretion of the gastric juices, and weakness of the powers of the stomach The effect of the Sea Weed Tonic is felt soon after it is taken, as it supplies at once the principles of the deficient gastric juice, and the food is digested naturally In fact the Tonic so nearly resembles the natural gastric juice that chemists even find difficulty in distinguishing them. It gives tone and strength to the stomach, thus enabling it to secrete the proper quality and quantity of gastric juice, and Dyspepsia and all its diseases soon take their departure

It is a well known fact that none suffer like the Dyspeptic, for in addition to the Dyspepsia there is often either Headache, Sour and Sick Stomach, Pain in the Side Palpitations of the Heart, Chills and Fever, Gravel Disease of the Kidneys, Nervous Weakness and Tremors, General Debility, Faintness, Loss of Appetite, Bad Taste, Fever, Stoppages in Females, all of each of them arising from a disordered state of the Stomach, and here is a newly discovered *remedy,* for the trifling sum of one dollar, that will cure all this train of disease

Now, Dyspeptic will you not avail yourself of this remedy for so trifling a cost? or will you still suffer on? The choice is for you to make. The Sea Weed Tonic is a pleasant bitters, giving a person a good appetite and good digestion is put up in quart bottles, always agrees with the stomach, and *one bottle* generally effects a cure Wherever the bowels are costive, the tongue furred, or the complexion sallow a few of Schenck's Mandrake or Liver Pills are to be used. A box of these Pills accompany each bottle of the Tonic, and will be found in a recess of the bottle, covered with a label.

SCHENCK'S MANDRAKE PILLS

Will be found to possess those qualities necessary to the total eradication of all bilious attacks, prompt to start the secretions of the liver and give a healthy tone to the entire system Indeed, it is no ordinary discovery in Medical Science, to have invented a remedy for these stubborn complaints, which develope all the results produced by a heretofore free use of calomel—a mineral justly dreaded by mankind—and acknowledged to be destructive in the extreme to the human system That the properties of certain vegetables comprise all the virtues of calomel, without its injurious tendencies, is now an admitted fact, rendered indisputable by scientific researches, and those who use the Mandrake Pill, will be fully satisfied that the best medicines are those provided by nature in the common roots and herbs of the fields

The Pills open the bowels and correct all bilious derangements without salivation, or any of the injurious effects of calomel or other poisons. The secretion of bile is promoted by these Pills, as will be seen by the altered color of the stools, and disappearing of the sallow complexion and cleansing of the tongue

Ample directions for use accompany each box of Pills, and the price of a quart bottle of the Sea Weed Tonic and box of Pills contained is only one dollar. But separate boxes of Pills can be had of any of the agents for 25 cents.

These remedies are prepared under the personal supervision of Dr. J. H Schenck, proprietor of Schenck's Pulmonic Syrup, the well established remedy for Consumption, Bronchitis, Coughs, Colds, &c., and the inventor of the celebrated Respirometer, for examining and detecting all diseases of the Lungs, Heart, &c
